

Federal overreach affects more than just ranchers and farmers. Nearly every person in the U.S. has been directly affected by our overgrown, out-of-control government.

- Public schools/homeschools
- Income taxes
- Veterans affairs
- Unemployment
- Small business ownership
- Foreclosures
- Health insurance/ACA

All of the above issues can and should be handled at either the State or local level; or left to the People themselves. 98% of current federal agencies are not even authorized by the Constitution.

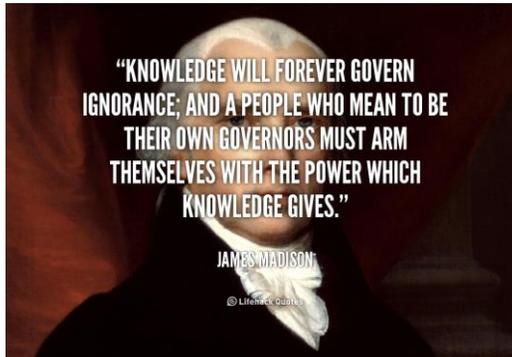

### 10th Amendment

*"The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people."*

### 9th Amendment

*The enumeration in the Constitution, of certain rights, shall not be construed to deny or disparage others retained by the people.*

Our Constitution was written with the governed (the People) in mind. The Founding Fathers had fought for independence from overbearing government, and did not intend to create another. By simply declaring independence, the 13 colonies became 13 nations.

The federal government we have today is a far cry from what was originally created. However, it's not too late. Each of us can help restore the Republic.

*"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness."*

*- The Declaration of Independence  
July 4, 1776*

## Dwight & Steven Hammond

Dwight and Steven Hammond are ranchers from Harney County, OR, near the 185,000 acre Malheur Wildlife Reserve.

The father and son are just like any other rural family; hardworking and family oriented. Just like ranchers and farmers across the western plains, the Hammonds work the land in time-tested, proven ways. Also like these fellow ranchers and farmers, the Hammond men love and provide for their families by working their land.

Their ranch is the last one privately own in the area near the refuge...

In April 2014, the Bundy family gained national attention for their firm stance against a federal agency – the BLM. This Stand Up included his family, as well as other Americans from across the country.

Mr. Bundy has been very vocal about his concerns with our federal government granting too much power to unconstitutional agencies.

He and his wife Carol have 14 children, and a "handful" of grandchildren. Like the Hammond's and Mr. Finicum, Mr. Bundy is a dedicated family man.

## LaVoy Finicum

Robert LaVoy Finicum was married to Jeanette, and they have 11 children. He was a foster father, and a grandfather. His foster children lived on this northern Arizona ranch. Just like others of his cloth, He loved God, his family, and freedom.

LaVoy was also an author, having published "Only by Blood and Suffering" before his assassination on January 26, 2016.

His wife and children continue teaching Liberty, and a return to the Constitution. They are truly his legacy on earth.
